1. **Financial** – December was a good month. However, the income statement doesn't show it in volume on the contractals but the revenue made up for it. The expenses stayed in check throughout the month. For the month the net income was \$369,636 with a year-to-date \$136.030. Accounts receivable did decrease about \$300,000 due to cleaning up old accounts. The Accounts Payable was \$4.1 million which was down \$451,000. Because of the amount of cash that was brought quite a few bills were paid.

For the Service Excellence Conference report JoAnn went back a year from when we started to show them how much we have increased in certain areas. We actually qualified for 8 different awards – they varied from 5% to 15% improvement.

**4. Service Excellence** – Recently the second year audit call took place and the results of that should come shortly. There are three trainings in February – one for the new hires, medical staff and the board training.
